### **About Tangent Productions**

For those in the know, Tangent Productions has been involved with the Orange County music scene since 1985, always booking great unknown artists. Tangent's venues were always the hot spot to be seen and would have local and national luminaries in attendance like Social Distortion, TSOL, Adolescents, Vandals, David Bowie, Nirvana, Sublime, Foo Fighters, Alice in Chains, STP, Korn, and Rage Against the Machine, just to name a few.

Tangent Productions has since promoted and booked venues from Los Angeles County, San Diego, Las Vegas, and especially Orange County. Their mission is to keep the local music scene alive and to encourage the next generation of young artists.
